Demands/mention points	Details of action taken/ progress report

	(ii) Post audit system has been introduced in respect of GPF advances/withdrawals of all AFHQ civilians. This is expected to lead to mitigation of grievances of AFHQ civilians for quick payments of their GPF claims.
	(iii) Before considering the extension of the post audit system in other transactions including TA/DA claims, medical claims, etc., it would be advisable to let the recently introduced system of post audit in respect of GPF transactions, function for some time.
	(iv) For TA/DA and Medical claims there is a system of paying advances under extent orders for all Government employees and there is thus nc apparent case of hardship as projected, as Advances are paid on priority and the Adjustment bills are pre-

(x)	In order to count service as LDCs of Stenos Grade 'D' appointed from the post of LDC for the purpose of ACP, the DOPT promised to issue an amendment to the rules a long time back, but the needful has not so far been done, it may be expedited. To cover past cases, the amendment may be made effective from 9.8.1999.	The Financial up-gradation under ACP Scheme has been correctly granted in accordance with provisions of ACP Scheme and the AFHQ Stenographers' Service Rules. In case DOP&T revise the CSSS Rules, the revised provision of these rules would not automatically apply to AFHQSS. The AFHQSS Rules would also have to be amended.
(xi)	Based on CSSS Rules, the AFHQSS Rules were amended in August, 1996 to count approved service from 1st July for promotion to various grades, excepting PPS grade. Subsequently, DOP&T issued instructions in September, 1998 to fix 1st January as the crucial date of determining the eligibility of persons and also to get 1st January incorporated in the Rules. This has created an anomaly as the DOPT has refused to change the crucial date in respect of AFHQSS from 1st July to 1st January. As a result, the promotions of persons are adversely affected. The Staff Side requested for removal of this anomaly and grant of promotions in all pending	The draft revised Stenographers Service Rules are under consideration with UPSC. While submitting the draft rules for approval of DOP&T, proposal for keeping 1st January as the date for counting of approved service in all the grades was not accepted by them as the same has not yet been incorporated in the Stenographers' Service Rules on CSS side. Any departure from CSS Rules was not agreed to by DOP&T on this issue. As regards eligibility for promotion, the proposed relevant clause enables the cadre controlling authority to operate in accordance with the DOP&T instructions issued in the matter from time to time.
